Opportunity for Finnish CleanTech Companies to Get Access to Capital

Need capital to expand your business, or fund your new IP? If qualified, we can help bring in the necessary finance from numerous sources, including our own capital to fund the projects. Learn more about [Funding Innovation HERE](#).

How you can you collaborate with Eco Commerce Exchange (ECE):

- **Governments and NGOs** - We will develop and deliver, not as a consultant but as your resource partner, a comprehensive co-marketing solution for your region or organization.
- **Marketing and PR Agencies and Agents** - Become our [Regional Marketing Partner \(MP\) HERE](#).
- **Technology Companies & Solution Provider** - Participate in our highly targeted co-marketing program. The program is designed to accelerate technologies, products, and services through our highly targeted channels.
- **Research & Innovation Institutions** - Introduce your organization and services to our fast growing international network of partner entities, and develop new IP jointly with us. Many global institutions are currently working with us to the same.
- **Investors** - Co-invest into our high impact ventures, or market your brand and portfolio through our co-marketing channels. Investment models and options available for small to very large investments. Many individual and institutional investors are channelling their capital through our channels.
- **Entrepreneurs & Experts** - Participate to learn, share, connect, and scale up your high impact ventures.
- **Non-Profits** - We will develop and deliver, not as a consultant but as your resource partner, an effective cause-related co-marketing solution for your organization.
